What to do if you have a welfare concern in Bronte School

Why are you concerned?

For example

- Disclosure
- Child's appearance
- Behaviour change
- Witnessed concerning behaviour

Immediately record your concerns

- Follow the school's procedure
 - Clarify concerns if necessary (**TED: Tell, Explain, Describe**)
 - Use child's own words
 - Sign and date your records
 - Reassure the child

Inform the Designated Safeguarding Lead (Emma Wood, Headmistress)

Consider: is the child at immediate risk of harm e.g. unsafe to go home?
If so, then the DSL must be informed immediately.

Designated Safeguarding Lead

Consider KSCB Threshold document and procedures: www.kacb.org.uk
Refer to other agencies as appropriate e.g. LADO, Early Help Notification Form or Inter-Agency Referral Form
If unsure then consult with Area Education Safeguarding Adviser (Jonathan Hogben
Tel: 03000 412445 Mob: 07740 183798)

If you are unhappy with the response

Staff:
Seek advice from the Education Safeguarding Team (Central Duty Team: 03000 41 11 11)
Pupils and Parents:
Follow school complaints procedures

Record decision making and action taken in the child's child protection/safeguarding file

Monitor

Be clear about:
What you will monitor e.g. behaviour trends, appearance etc.
How long you will monitor
If/who to feedback to and how you will record

Review and Re-refer (if necessary)

At all stages the child's circumstances will be kept under review
The DSL/Staff will re-refer if required to ensure the **child's safety is paramount**

1. Introduction and ethos

- Bronte School is a community and all those directly connected (staff, Advisory Board, parents, families and pupils) have an essential role to play in making it safe and secure. Bronte School recognises our moral and statutory responsibility to safeguard and promote the welfare of all children.
- Bronte School recognises the importance of providing an ethos and environment within school that will help children to feel safe, secure and respected; encourage them to talk openly; and enable them to feel confident that they will be listened to. We are alert to the signs of abuse and neglect and follow our procedures to ensure that children receive effective support, protection and justice.

Our school core safeguarding principles are:

- It is a whole school responsibility to safeguard and promote the welfare of children as its paramount concern. This includes their Spiritual, Moral, Social and Cultural development and actively promoting the fundamental British Values (See part 2 of Independent School Standards Regulations 2014)
- All children (defined as those up to the age of 18) regardless of age, gender, ability, culture, race, language, religion or sexual identity, have equal rights to protection
- All children have a right to be heard and to have their wishes and feelings taken into account
- All staff understand safe professional practice and adhere to our Code of Conduct (within the Staff Handbook) and other associated policies, guidelines and procedures.
- All staff have a responsibility to recognise vulnerability in children and act on any concern in accordance with this guidance

There are four main elements to our Safeguarding & Child Protection Policy:

- **Prevention** (e.g. positive, supportive, safe school culture, curriculum and pastoral opportunities for children, safer recruitment procedures);
- **Protection** (by following the agreed procedures, ensuring all staff are trained and supported to respond appropriately and sensitively to safeguarding concerns);
- **Support** (for all pupils, parents and staff, and where appropriate specific intervention for those who may be at risk of harm);
- **Working with parents and other agencies** (to ensure appropriate communications and actions are undertaken).

The procedures contained in this policy apply to all staff and Advisory Board and are consistent with those of Kent Safeguarding Children Board (KSCB).

2. Context

- This policy has been developed in accordance with the principles established by the Children Acts 1989 and 2004 and related guidance. This includes:
 - DfE guidance Keeping Children Safe in Education 2018 (KCSIE)
 - Working Together to Safeguard Children (July 2018)
 - Framework for the Assessment of Children in Need and their Families (2000)
 - Kent and Medway Safeguarding Children Procedures (Online, April 2018 updates)
- Section 175 of the Education Act 2002 requires school governing bodies, local education authorities and further education institutions to make arrangements to safeguard and promote the welfare of all children who are pupils at a school, or who are students under 18 years of age. Such arrangements will have to have regard to any guidance issued by the Secretary of State.

3. Definition of safeguarding

- “Safeguarding is not just about protecting children from deliberate harm. It includes a wide range of issues relating to pupil’s welfare, health and safety.” (Inspecting safeguarding in early years, education and skills, Ofsted, September 2016).
- All safeguarding policies will be reviewed on an annual (minimum) basis by the Proprietor, who has responsibility for oversight of school safeguarding and child protection systems. The Designated Safeguarding Lead will ensure regular reporting on safeguarding activity and systems in school to the Proprietor. The Proprietor will not receive details of individual pupil situations or identifying features of families as part of their oversight responsibility.

The school acknowledges that this policy will incorporate a range of safeguarding issues including (but not limited to):

- Bullying (including cyberbullying and ‘Peer on peer’ abuse)
- Children missing education
- Child missing from home or care
- Child Sexual Exploitation (CSE)
- Domestic violence
- Drugs and alcohol
- Fabricated or induced illness
- Gangs and youth violence
- Hate
- Honour based violence, including Female Genital Mutilation (FGM)
- Mental health
- Online Safety and Digital Resilience
- Prevent (Radicalisation and extremism)
- Private fostering
- Relationship abuse and gender-based violence
- Youth Produced Sexual Imagery or “Sexting”
- Trafficking

(Also see Annex A within ‘Keeping children safe in education’ 2018 and appendix 3).

- Every member of staff at Bronte School recognises that children experiencing specific safeguarding issues identified above are no different to safeguarding against any other vulnerability or concern and will be approached and responded to in the same way as protecting children from any other risks.

4. Related safeguarding policies

- We are aware that safeguarding is fundamental to the welfare of all children in our care. This policy is therefore one of a series in the school’s integrated safeguarding portfolio and should be read in conjunction with the policies/guidelines/procedures/strategies listed below (to be read and followed alongside this document).
 - Behaviour
 - Comforting & Handling
 - Online Safety
 - Anti-Bullying
 - Use of cameras and images
 - Intimate Care
 - Health, Safety & Welfare
 - Attendance & Absence
 - Risk Assessment
 - Off site visits
 - First Aid

- Early Years Foundation Stage 2014 Welfare Requirements

The related policies above can be found in the ‘Policies’ folder on the school intranet and obtained via the school Office. Many are also available to access via the school website.

5. Key responsibilities

- Everyone who comes into contact with children and their families has a role to play in safeguarding children. Schools and colleges form part of the wider safeguarding system for children.
- The Proprietor, Advisory Board and Senior Leadership Team have read and will follow KCSIE 2018. Further information regarding the key strategic responsibilities of the Proprietor and Headmistress are identified in appendix 1.
- The Headmistress and Senior Leadership Team will ensure that the DSL is properly supported in this role at a time and resource level.
- The Deputy Safeguarding Lead (Sharon Kybert) has specific responsibility for Safeguarding within EYFS.

5.1 Designated Safeguarding Lead (DSL):

- The school has appointed a member of the leadership team (Emma Wood, Headmistress) as the Designated Safeguarding Lead (DSL). The DSL has the overall responsibility for the day to day oversight of safeguarding and child protection systems in school.
- The DSL will undergo appropriate and specific training to provide them with the knowledge and skills required to carry out their role. This training will be approved by and meet the standards as required by the Kent Safeguarding Children Board. The DSL's training will be updated formally every two years but their knowledge and skills will be updated through a variety of methods (e.g. e-Bulletins, on-line training) at regular intervals, at least annually, to keep up with any developments relevant to their role.
- The school has appointed additional staff to deputise for the DSL (Austen Hardwick, Deputy Head and Sharon Kybert, Reception teacher/Head of Lower School). Deputy DSLs have attended appropriate training which enables them to fulfil this role. Whilst the activities of the designated safeguarding lead may be delegated to the deputies, the ultimate lead responsibility for safeguarding and child protection remains with the designated safeguarding lead and this responsibility will not be delegated.

It is the role of the DSL to:

- Act as the central contact point for all staff to discuss any safeguarding concerns
- Maintain a confidential recording system for safeguarding and child protection concerns
- Coordinate safeguarding action for individual children
- Liaise with other agencies and professionals in line with Working together to safeguard children
- Ensure that locally established procedures are followed and making referrals to other agencies, including Early Help and Specialist Childrens Services (SCS) as necessary
- Represent, or ensure the school is appropriately represented at inter-agency safeguarding meetings (including Child Protection conferences)
- Manage and monitor the school's part in Early Help / Child in Need / Child Protection plans
- Be available during term time (during school hours) for staff in the school to discuss any safeguarding concerns
- Ensure all staff access appropriate safeguarding training and relevant updates in line with the recommendations within KCSIE 2018.
- Further details about the role of the DSL can be found in 'Keeping Children Safe in Education' 2018, part two.

5.2 Members of staff

All members of staff have a responsibility to:

- provide a safe environment in which children can learn
 - ensure all children are able to develop appropriate strategies to recognise and respond to risk and build resilience
 - identify and recognise children who may be in need of extra help, who are suffering, or are likely to suffer significant harm
 - provide help for children, where appropriate and reasonable
 - take appropriate action to prevent safeguarding concerns escalating and work with other services as needed
 - safeguard children's wellbeing and maintain public trust in the teaching profession as part of their professional duties
 - maintain an attitude of 'it could happen here' where safeguarding is concerned and to always act in the best interests of the child
 - respond to and refer any concerns about children or other members of the community in accordance with this policy
 - Contribute towards, read and adhering to the school policies
 - Safeguarding is not a matter for teaching staff only. **Any member of staff can make a referral at any time. A contact number is included at the bottom of the Green Form.**
This also means that taking appropriate action is not delayed in the exceptional circumstance of the DSL or deputies being unavailable.
- All members of staff in Bronte School know what to do if a child tells them he/she is being abused or neglected. Members of staff know to maintain an appropriate level of confidentiality whilst at the same time liaising with relevant professionals such as the DSL and other agencies as appropriate. Members of staff know they must never promise a child that they will not tell anyone about a concern or allegation as this may ultimately not be in the best interests of the child. See appendix 4 for advice for staff on responding to safeguarding concerns.

The welfare and safety of children are the responsibility of all staff in school and ANY concern for a pupil's welfare MUST always be reported to the Designated Safeguarding Lead(s).

5.3 Children and young people

Children and young people (pupils) have a responsibility to:

- Contribute to the development of school safeguarding policies
- Read and adhere to (at a level appropriate to their age and ability) the school's safeguarding policies and procedures
- Seek help from a trusted adult if things go wrong, and support others that may be experiencing safeguarding concerns
- Develop and take responsibility (at a level that is appropriate to their individual age, ability and vulnerabilities) for keeping themselves and others safe, including online

5.4 Parents and Carers

Parents/carers have a responsibility to:

- Read the relevant school/policies and procures, encouraging their children to adhere to them, and adhering to them themselves where appropriate
- Discuss safeguarding issues with their children, support the school in their safeguarding approaches, and reinforce appropriate safe behaviours at home
- Identify changes in behaviour which could indicate that their child is at risk of harm online
- Seek help and support from the school, or other appropriate agencies, if they or their child encounters any safeguarding concern
- Contribute to the development of the school's safeguarding policies

Parents can obtain a copy of the school Safeguarding & Child Protection Policy and other related policies on request and can view them via the school website.

7. Recognition and categories of abuse

- All staff in school should be aware of the definitions and signs and symptoms of abuse. There are four categories of abuse:
 - Physical abuse
 - Sexual abuse
 - Emotional abuse
 - Neglect
- The most up to date definitions and possible indicators of abuse are found within Part One of KCSIE 2018 p14 -15. Staff should also refer to Annex A for information regarding specific forms of abuse and [What to do if you're worried a child is being abused \(2015\)](#).
- Members of staff are made aware that that child welfare concerns may arise in many different contexts, and can vary greatly in terms of their nature and seriousness. Children may be abused in a family or in an institutional or community setting, by those known to them or by a stranger. They may be abused by an adult or adults, or another child or children. Children may be abused via the internet by their peers, family members or by unknown and in some cases unidentifiable individuals. In the case of honour based violence, including forced marriage and female genital mutilation, children may be taken out of the country to be abused. An abused child will often experience more than one type of abuse, as well as other difficulties in their lives.
- Abuse and neglect can happen over a period of time, but can also be a one-off event. Child abuse and neglect can have major long-term impacts on all aspects of a child's health, development and well-being.
- The warning signs and symptoms of child abuse and neglect can vary from child to child. Children also develop and mature at different rates so what appears to be worrying for a younger child might be normal behaviour for an older child. Parental behaviours may also indicate child abuse or neglect, so staff should also be alert to parent-child interactions which are concerning and other parental behaviours. This could include parents who are under the influence of drugs or alcohol or if there is a sudden change in their mental health.
- By understanding the warning signs, we can respond to problems as early as possible and provide the right support and services for the child and their family. It is important to recognise that a warning sign doesn't automatically mean a child is being abused.

8. Staff induction, awareness and training

All members of staff have been provided with a copy of part one of the *"Keeping Children Safe in Education"* (2018). School leaders will read the entire document. School leaders and all members of staff who work directly with children will access Annex A within Keeping Children Safe in Education 2018. Members of staff respond via email to confirm that they have read and understood Part One and Annex A. A dated record is kept on the staff training dashboard, updated by the Deputy Head.

- The DSL will ensure that all new staff and volunteers are appropriately inducted as regards the school's internal safeguarding procedures and communication lines. A summary information sheet is available for staff to support this process. www.kelsi.org.uk/support-

[for-children-and-young-people/child-protection-and-safeguarding](#) . Classroom staff supply volunteers with the school's Safeguarding Briefing sheet to read and the Acceptable Use form to sign before engaging with the children. These are kept by the class teacher.

- As part of the Induction process, all staff additionally have access to all school policies (e.g. Whistleblowing, Code of Conduct etc.)
- All staff members will receive appropriate safeguarding and child protection training (organised by the DSL) which will enable them to:
 - **Recognise** potential safeguarding and child protection concerns involving pupils and adults (colleagues, other professionals and parents/carers)
 - **Respond** appropriately to safeguarding issues and take action in line with this policy
 - **Record** concerns in line with the school policies
 - **Refer** concerns to the DSL and be able to seek support external to the school if required
- Staff will receive appropriate training to ensure they are aware of a range of safeguarding issues (see definition of safeguarding) and are aware that behaviours linked to the likes of drug taking, alcohol abuse, truanting and peer on peer abuse such as bullying, sexting or banter can put children in danger. The staff training will also include school responsibilities, the school child protection procedures, online safety, safe working practice and external reporting mechanisms.
- All staff members will receive safeguarding and child protection updates (e.g. KCC e-Bulletins received via the DSL, safeguarding as a discreet agenda item recorded in staff meeting minutes, twilight sessions etc.) as required, to provide them with relevant skills and knowledge to safeguard children effectively.
- All members of staff will be made aware of the school's expectations regarding safe and professional practice via the Staff Handbook and Code of Conduct which is provided and discussed as part of the induction process.
- The DSL (Headmistress) will provide an annual report to the Proprietor and designated Advisory Board member detailing safeguarding training undertaken by all staff and will maintain up to date registers of who has been trained.
- A Safeguarding Annual Review meeting will be held with the DSL, Proprietor and designated Advisory Board member.

9. Safe working practice

- All members of staff are required to work within clear guidelines on Health, Safety and Welfare, the school's Code of Conduct and the Staff Handbook.
- Children may make allegations against staff in situations where they feel vulnerable or where they perceive there to be a possible risk to their welfare. As such, all staff should take care not to place themselves in a vulnerable position regarding child protection or potential allegations. For example, it is always advisable for interviews or work with individual children or parents to be conducted in view of other adults.
- Physical intervention should only be used when the child is endangering him/herself or others and such events should be recorded and signed by a witness. Staff should be aware of the school's **Behaviour Policy** and **Comforting and Handling Guidelines**, and any physical interventions must be in line with agreed policy and procedure in which appropriate training should be provided.
- Full advice and guidance can be found in **Guidance for Safer Working Practice for Adults who Work with Children and Young People in Education Settings** (2015) which can be found in the Headmistress's office.

- Staff should be particularly aware of the professional risks associated with the use of social media and electronic communication (email, mobile phones, texting, social network sites etc.) and should familiarise themselves with advice and professional expectations outlined in **Guidance for Safer Working Practice for Adults who Work with Children and Young People in Education Settings**, the school's **Online Safety Policy**, KSCB's **Safe Practice with Technology – Guidance for Adults who Work with Children and Young People** (copy on staff noticeboard and in Headmistress's office)

10. Staff supervision and support

- Any member of staff affected by issues arising from concerns for children's welfare or safety can seek support from the DSL.
- All new staff including newly qualified teachers and support staff will receive induction training and have a mentor or co-ordinator with whom they can discuss concerns including safeguarding concerns.
- The induction process will include familiarisation with child protection responsibilities and procedures to be followed if staff have any concerns about a child's safety or welfare.
- The school will provide appropriate supervision and support for all members of staff to ensure that:
 - All staff are competent to carry out their responsibilities for safeguarding and promoting the welfare of children
 - Staff are able to create an environment where members of staff feel able to raise concerns and feel supported in their safeguarding role
 - All staff have regular reviews of their own practice to ensure they improve over time.
- The DSL will also put staff in touch with outside agencies for professional support if they so wish. Staff can also approach organisations such as their Union, the Education Support Partnership or other similar organisations directly. Further information about a range of supporting organisations can be found in Appendix 5.

EARLY YEARS AND FOUNDATION STAGE PROVISION:

The school will ensure that members of staff who are working within the foundation stage are provided with appropriate supervision in accordance with the statutory requirements of Early Years Foundation Stage 2014.

The schools safeguarding policies, including its Safer Recruitment Procedures are enforced rigorously in the Early Years Department. Mrs Sharon Kybert, Head of Early Years, is the designated safeguarding lead and contact for the Early Years.

Induction for new EYFS staff to the setting

The Head of Early Years formally speaks to support staff who come into contact with EYFS pupils under the statutory framework requirements regarding Supervision:

- help in understanding roles and responsibilities
- information about emergency evacuation procedures

- the equal opportunities policy
- Health and Safety issues

Mobile Phones

Mobile phones must not be used in the vicinity of Early Years children. EYFS staff must ensure their mobile phones and/or other personal devices are safely stored and must be restricted to staff breaks away from the EYFS setting. Parents may, however, take photographs of their own child in plays, assemblies, sports fixtures and other significant school events, provided that their own child is the main subject of the photograph.

Disqualification by association

In accordance with regulations made under the Childcare Act 2006, employees who teach or manage any aspect of the EYFS part of the school, including after school care for children up to the age of 8 years, are not allowed to work in this capacity at Bronte School, if they or others in their household are 'disqualified by association'. All staff are asked to sign a declaration stating that they and no other members of their household have been disqualified. This self-declaration form is incorporated in to the appointments process for all staff.

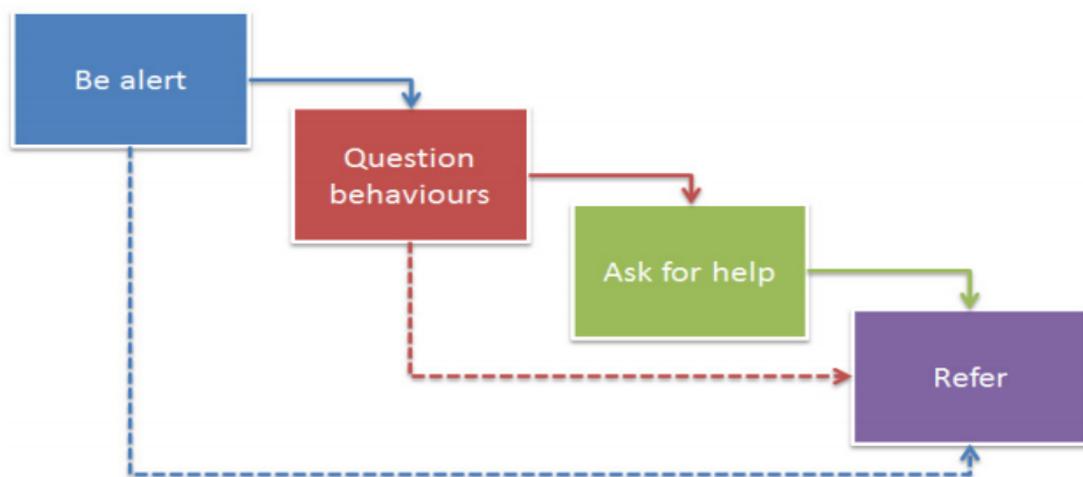

11. Safer recruitment

- Bronte School is committed to ensure that all steps are taken to recruit staff and volunteers who are safe to work with our pupils and have their welfare and protection as the highest priority. The Proprietor, Headmistress and Leadership Team are responsible for ensuring that the school follows safe recruitment processes outlined within guidance, including accurate maintenance of the Single Central Record (SCR); and an application, vetting and recruitment process which places safeguarding at its centre, regardless of employee or voluntary role.
- The Proprietor will ensure that the Headmistress and other senior staff responsible for recruitment have completed accredited Safer Recruitment Training in line with government requirements.
- We are also committed to supporting the statutory guidance from the Department for Education on the application of the Childcare (Disqualification) Regulations 2009 and related obligations under the Childcare Act 2006 in schools. Schools and local authorities must have regard to it when carrying out their duties to safeguard and promote the welfare of children under section 175, of the Education Act 2002, paragraph 7(b) of Schedule 1 to the Education (Independent School Standards) Regulations 2014 and paragraph 3 of the Schedule to the Education (Non-Maintained Special Schools) (England) Regulations 2011.
- Any staff members dismissed or removed for misconduct will be referred to TRA and the Disclosure and Barring Service will also be informed.

12. Safeguarding and child protection procedures

- Bronte School adheres to the KSCB Safeguarding Children Procedures (Online, April 2016). The full KSCB procedures and additional guidance relating to specific safeguarding issues can be found on the KSCB website www.kscb.org.uk
- Additional guidance for staff includes

- ‘What to do if you are Worried About a Child Being Abused’ ([DfE 2015](#))
 - Information Sharing advice for safeguarding practitioners ([Mar 2015](#))
 - Kent and Medway Inter-Agency Threshold Criteria for Children in Need ([Oct 2013](#))
 - The Assessment Framework for Children in Need and their Families ([2000](#))
 - These documents can be found in the Headmistress’s office.
- ‘What to do if you are worried about a child being abused’ (DfE 2015) p.12 identifies that there are four key steps for professionals to follow to help identify and respond appropriately to possible abuse and/or neglect.
 - All members of staff are expected to be aware of and follow this approach:

- It may not always be appropriate to go through all four stages sequentially and if a child is in immediate danger or is at risk of harm, a referral should be made immediately to children's social care and/or the police.

The role of the school in situations where there are child protection concerns is NOT to investigate but to recognise and refer.

- It is the responsibility of the DSL to receive and collate information regarding individual children, to make immediate and on-going assessments of potential risk and to decide actions necessary (with parents / carers in most cases). This includes the need to make referrals to partner agencies and services.
 - To help with this decision s/he may choose to consult with the Area Education Safeguarding Adviser from the Education Safeguarding Team and/or the Education Safeguarding Adviser (Online Protection) for online safety concerns.
 - Advice may also be sought from the Early Help Triage Team.
 - Issues discussed during consultations may include the urgency and gravity of the concerns for a child or young person and the extent to which parents/carers are made aware of these.
- All members of staff are made aware of the early help process and understand their role within it. This includes identifying emerging problems, liaising with the designated safeguarding lead, sharing information with other professionals to support early identification and assessment and, in some cases, acting as the lead professional in undertaking an early help assessment.
- If early help is assessed to be appropriate then the DSL will support staff members involved with the family in liaising with other agencies and submitting an Early Help Notification Form. The DSL will keep all early help cases under constant review and will give consideration to making a referral to SCS if the situation doesn't appear to be improving for the child.
- New referrals to services will be made using the agreed Kent process i.e. the Early Help Notification form or inter-agency referral form for referrals to SCS. These will be made with reference to the Kent Interagency Threshold Criteria for Children in Need (KSCB). In situations where there are felt to be urgent or grave concerns, a telephone referral will be made prior to the form being completed and sent to the County Duty Team. Concerns for children who are already known to services will be passed to the allocated worker / Team.
- All members of staff are aware of the process for making referrals to SCS for statutory assessments under the Children Act 1989 that may follow a referral, along with the role they might be expected to play in such assessments.
- **In most circumstances, parents /carers will be made aware of the concerns felt for a child or young person at the earliest possible stage. In the event of a referral to SCS being necessary, parents/carers will be informed and consent to this will be sought unless there is a valid reason not to do so.**
- In the absence of the availability of the DSL to discuss an immediate and urgent concern, staff can seek advice from the Education Safeguards Team (03000 412445). If anyone other than the DSL makes a referral to external services, then they will inform the DSL as soon as possible.
- On occasion, staff may pass information about a child to the DSL, but remain anxious about action subsequently taken. Staff should feel able to clarify with the DSL further progress, so that they can reassure themselves the child is safe and their welfare is being considered.
- If following this process, the staff member remains concerned that appropriate action is not being taken then the member of staff should seek further direct consultation from a

member of the Education Safeguards Team who will be able to discuss the concern and provide further advice on appropriate action to be taken.

- If after a referral a child's situation does not appear to be improving then the DSL (or the person that made the referral) will press for reconsideration to ensure that the school's concerns have been addressed and, most importantly, that the child's situation improves. Professional disagreements (escalation) will be responded to in line with the KSCB procedures and DSLs may request support via the Education Safeguarding Team.

13. Record keeping

- Staff will record any welfare concern that they have about a child on the school's safeguarding "green form" and pass them without delay to the DSL. Records will be completed as soon as possible after the incident/event, using the child's words and will be signed and dated.
- All safeguarding concerns, discussions and decisions made and the reasons for those decisions will be recorded in writing. If members of staff are in any doubt about recording requirements staff then they will discuss their concerns with DSL.
- **Blank Incident/concern forms are kept in the Headmistress's office and in the Staff Room.**
- Safeguarding records are kept for individual children and separate from all other records relating to the child in school. They are retained centrally and securely by the DSL in the Headmistress's office and are shared with staff on a 'need to know' basis only.
- All safeguarding records will be forwarded in accordance with data protection legislation to a child's subsequent school/setting, under confidential and separate cover to the new DSL or Headmistress and a receipt of delivery will be obtained.
- Detailed guidance on Record Keeping is found in a separate document "Guidelines for Safeguarding Record Keeping in Schools". All staff will familiarise themselves with the responsibilities as outlined in this document. www.kelsi.org.uk/support-for-children-and-young-people/child-protection-and-safeguarding/safeguarding-policies-and-guidance
A copy of this document is kept in the Headmistress's office.

14. Working with other agencies

- Bronte School recognises and is committed to its responsibility to work with other professionals and agencies both to ensure children's needs are met and to protect them from harm. We will endeavour to identify those children and families who may benefit from the intervention and support of external professionals and will seek to enable referrals, in discussion with parents/carers as appropriate.
- Schools are not the investigating agency when there are child protection concerns and the school will therefore pass all relevant cases to the statutory agencies. We will however contribute to the investigation and assessment processes as required, and recognise that a crucial part of this may be in supporting the child while these take place.

- Bronte School recognises the importance of multi-agency working and will ensure that staff are enabled to attend relevant safeguarding meetings, including Child Protection Conferences, Core Groups, Strategy Meetings, Child in Need meetings and Early Help Teams around the Child / Family.
- The school Leadership Team and DSL will work to establish strong and co-operative relationships with relevant professionals in other agencies.

15. Confidentiality and information sharing

- Bronte School recognises that all matters relating to child protection are confidential. The Headmistress or DSL will only disclose information about a pupil to other members of staff on a need to know basis.
- All members of staff must be aware that whilst they have duties to keep any information about children, families and colleagues which have access to as a result of their role confidential, they also have a professional responsibility to share information with other agencies in order to safeguard children. All staff must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or wellbeing. Further advice on responding to disclosures can be found in appendix 4.
- DfE Guidance on Information Sharing (March 2015) provides further detail. A copy of this document is located in the Headmistress's office.
- If the school is made aware of any safeguarding concerns which they feel need to be shared with the wider community (including other local schools) then advice will be sought from the Education Safeguarding team to ensure that the integrity of any subsequent investigations are maintained and that all members of the community are safeguarded.

16. Complaints

- The school has a **Complaints Procedure** available to parents, pupils/students and members of staff who wish to report concerns. This can be found in the School Office, school website and internally on the school intranet.
- All reported concerns will be taken seriously and considered within the relevant and appropriate process. Anything that constitutes an allegation against a member of staff or volunteer will be dealt with under the specific KCC document '**Procedures for Managing Allegations Against Staff within Schools and Education Services**'. This can be found in the Headmistress's Office. A copy is also available on the school intranet and a copy is available in the School Office.
- Parents with concerns related to child protection may also contact ISI on concerns@isi.net or 0207 600 0100 for advice.

17. Allegations against members of staff and volunteers

- Bronte School recognises that it is possible for staff and volunteers to behave in a way that might cause harm to children and takes seriously any allegation received. Such allegations should be referred immediately to the Headmistress who will first contact the Local Authority Designated Officer (LADO) to agree further action to be taken in respect of the child and staff member.
- In the event of allegations of abuse being made against the Headmistress then staff are advised that allegations should be reported directly (and confidentially) to the LADO, the

Proprietor or the designated member of the Advisory Board (contact details on the school website).

- All staff and volunteers should feel able to raise concerns about poor or unsafe practice and such concerns will always be taken seriously by the senior leadership team.
- All members of staff are made aware of the school's Whistle-blowing procedure and that it is a disciplinary offence not to report concerns about the conduct of a colleague that could place a child at risk.
- Members of Staff can also access the NSPCC whistleblowing helpline if they do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 (8:00 AM to 8:00 PM Monday to Friday) or email: help@nspcc.org.uk
- For specific guidance on how to respond to allegations against staff, please refer to the KCC Document '**Procedures for Managing Allegations Against Staff within Schools and Education Services**' alongside Bronte School's **Whistle Blowing Procedures**, which can be found via the school Office and on the school intranet. **When in doubt – consult**

18. Allegations against pupils

- Bronte School recognises that children are capable of abusing their peers. 'Peer on peer' abuse can take many forms, including (but not limited to) bullying, cyberbullying, hazing (initiation type violence), sexualised bullying, banter, violence and sexting. The school is mindful that some potential issues may be affected by the gender, age, ability and culture of those involved.
- Bronte School believes that abuse is abuse and it will never be tolerated, dismissed or minimised. The school will ensure that appropriate curriculum time is dedicated to enable children to develop an awareness and understanding of abusive behaviour and to ensure that children recognise warning signs and forms of support both within the school and externally (such as Kent Police, ChildLine etc.) Further information can be found in the Curriculum Policy.
- Pupils who have been experienced peer on peer abuse will be supported by:
 - Offering them an immediate opportunity to discuss the experience with a member of staff of their choice
 - Being advised to keep a record of concerns as evidence and discussions regarding how to respond to concerns and build resilience, if appropriate.
 - Providing reassurance and continuous support
 - Working with the wider community and local/national organisations to provide further or specialist advice and guidance
- Pupils who are alleged to have abused other pupils will be helped by:
 - Discussing what happened, establishing the specific concern and the need for behaviour to change
 - Informing parents/carers to help change the attitude and behaviour of the child
 - Providing appropriate education and support
 - Sanctioning them in line with school behaviour/discipline policy. This may include official warnings, detentions, removal of privileges, fixed-term and permanent exclusions.
 - Speaking with police or other local services (such as early help or children's specialist services) as appropriate
- Bronte School is aware of and will follow the KSCB procedures (www.kscb.org.uk) for supporting children who are at risk of harm as a result of their own behaviour.

19. Safeguarding children with special educational needs and disabilities

- Bronte School acknowledges that children with special educational needs (SEN) and disabilities can face additional safeguarding challenges as they may have an impaired capacity to resist or avoid abuse. They may have speech, language and communication needs which may make it difficult to tell others what is happening
- Bronte School will ensure that children with SEN and disabilities, specifically those with communication difficulties will be supported to ensure that their voice is heard and acted upon.
- Members of staff are encouraged to be aware that children with SEN and disabilities can be disproportionately impacted by safeguarding concerns such as bullying and more prone to peer group isolation than other children. All members of staff will be encouraged to appropriately explore possible indicators of abuse such as behaviour/mood change or injuries and not to assume that they are related to the child's disability and be aware that children with SEN and disabilities may not always outwardly display indicators of abuse.

20. Curriculum and staying safe

- We recognise that schools play an essential role in helping children to understand and identify the parameters of what is appropriate child and adult behaviour; what is 'safe'; to recognise when they and others close to them are not safe; and how to seek advice and support when they are concerned.
- Bronte School will use the curriculum to provide opportunities for increasing self-awareness, self-esteem, social and emotional understanding, assertiveness and decision making so that students have a range of contacts and strategies to ensure their own protection and understand the importance of protecting others, including online.
- Pupils will be educated at a level appropriate to their age and ability about a range of safeguarding concerns through personal, social, health and economic education (PSHE), tutorials (if appropriate) and through sex and relationship education (SRE). This will include, but is not limited, to bullying (including cyber bullying), radicalisation, child sexual exploitation (CSE), stranger danger, road safety, sexual abuse, neglect, gender-based violence/sexual assaults and sexting.
- Systems have been established to support the empowerment of children to talk to a range of staff. Children at Bronte School will be listened to and heard and their concerns will be taken seriously and acted upon as appropriate.
- Specific systems outside of expected day-to-day classroom interaction and support include:
 - Pupil Parliament
 - Worry boxes
 - Buddy and peer-mentoring systems
 - Play Leadership training
 - PSHE events (eg: 'Stand up to Bullying' Day)
 - Pupil Voice questionnaires with groups of children
 - Specific Anti-Bullying Strategy
 - Visits from other professional organisations (e.g. NSPCC)
 - Involvement in community cohesion events (eg: Chinese New Year)
 - Year 6 peers acting as Digital Leaders

21. Online safety

- It is recognised by Bronte School that the use of technology presents particular challenges and risks to children and adults both inside and outside of school.
- Bronte School identifies that the issues classified within online safety are considerable, but can be broadly categorised into three areas of risk:
 - **content:** being exposed to illegal, inappropriate or harmful material
 - **contact:** being subjected to harmful online interaction with other users
 - **conduct:** personal online behaviour that increases the likelihood of, or causes, harm
- The DSL and leadership team have read annex C regarding Online Safety within 'Keeping children safe in education' 2018.
- Bronte School will ensure that appropriate filtering and monitoring systems are in place when pupils and staff access school systems and internet provision. Additionally, children are not allowed to bring any device to school that can access the internet, and all access on school computers is supervised. Bronte School use 'OpenDNS Umbrella' – a cloud-delivered network security system which delivers category-based filtering. The school will be careful to ensure that these systems do not place unreasonable restrictions on internet access or limit what children can be taught with regards to online teaching and safeguarding
- Bronte School acknowledges that whilst filtering and monitoring is an important part of a school's online safety responsibilities, it is only one part of our role. Children and adults may have access to systems external to the school control such as mobile phones and other internet enabled devices and technology. This is covered in more depth within the school **Online Safety Policy** which can be found in the School Office and on the school intranet.
- Bronte School will ensure a comprehensive whole school curriculum response is in place to enable all pupils to learn about and manage online risks effectively and will support parents and the wider school community (including all members of staff) to become aware and alert to the need to keep children safe online.
- Detailed information about the school's response to online safety can be found in the school's **Online Safety Policy**, which can be found in the School Office and on the school intranet.

22. The use of school premises by other organisations

- Where services or activities are provided separately by another body using the school premises, the Headmistress will seek written assurance that the organisation concerned has appropriate policies and procedures in place with regard to safeguarding children and child protection and that relevant safeguarding checks have been made in respect of staff and volunteers.
- If this assurance is not achieved, then an application to use premises will be refused.

23. Security

- All members of staff have a responsibility for maintaining awareness of buildings and grounds security and for reporting concerns that may come to light. We operate within a whole-school community ethos and welcome comments from pupils/students, parents and others about areas that may need improvement as well as what we are doing well.
- Appropriate checks will be undertaken in respect of visitors and volunteers coming into school as outlined within guidance. Visitors will be expected to sign in and out via the office visitors log and to display a visitor's badge whilst on school site. Any individual who is not known or identifiable should be challenged for clarification and reassurance.
- The school will not accept the behaviour of any individual (parent or other) that threatens school security or leads others (child or adult) to feel unsafe. Such behaviour will be treated as a serious concern and may result in a decision to refuse access for that individual to the school site.

Appendix 1: Responsibilities of the Proprietor and the Headmistress

The Proprietor has oversight of Safeguarding within Bronte School. He has the responsibility to ensure:

- There is a named Designated Safeguarding Lead (DSL), who is a member of the senior leadership team and who has undertaken approved KSCB training in inter-agency working, in addition to basic child protection training
- There is a designated member of the Advisory Board for Safeguarding (see the front sheet of this Policy, contact details available on the school website)
- The school has an up-to-date child protection policy which is consistent with KSCB requirements, reviewed annually and made available to parents on request
- Procedures are in place for dealing with allegations of abuse made against members of staff including allegations made against the Headmistress
- Safer recruitment procedures, which include the requirement for appropriate checks in line with national guidance are in place
- There is an up-to-date and appropriate training strategy which ensures all members of staff, including the managers, teaching and non-teaching staff, receive safeguarding training
- That all temporary staff and volunteers are made aware of the school's arrangements for safeguarding.
- That appropriate filters and appropriate monitoring systems for school systems and internet enabled devices are in place whilst being mindful to ensure that 'over blocking' does not lead to unreasonable restrictions as to what children can be taught with regards to online teaching and safeguarding
- That the Proprietor is responsible for liaising with the local authority and other agencies in the event of an allegation being made against the Headmistress. An annual report will be submitted to the Proprietor by the DSL to show how safeguarding duties have been carried out. Any weaknesses or areas of concern will be rectified without delay. This meeting will also be attended by the designated Advisory Board member.
- That children are taught about safeguarding, including online, through teaching and learning opportunities, as part of providing a broad and balanced curriculum.

The Headmistress has the responsibility to ensure:

- That the Safeguarding and Child Protection policy and procedures are implemented and followed by all staff
- That sufficient time and resources are allocated to enable the DSL (and any appropriately trained deputies) to carry out their roles effectively, including the assessment of pupils and the attendance at strategy discussions and other necessary meetings. Attendance at a KCC conference will meet the requirements of an *annual update* as stipulated in KCSIE 2018, but refresher training must be completed by the DSL every two years, as per [KCC guidelines](#).
- That DSLs/DDSLs ensure staff know how they would respond to reported concerns
- That all members of staff feel able to raise concerns about poor or unsafe practice and that such concerns are handled sensitively and in accordance with the school's whistle blowing procedures
- That every child's safety and welfare is addressed through the curriculum

Appendix 2: Categories of Abuse

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. They may be abused by an adult or adults or another child or children. It should be noted that abuse can be carried out both on and offline and be perpetrated by men, women and children. All members of staff should read and understand part one of 'Keeping children safe in education 2018 and staff who have direct contact with pupils should also read annex A.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Signs that MAY INDICATE Sexual Abuse

- Sudden changes in behaviour and school performance
- Displays of affection which are sexual and age inappropriate
- Self-harm, self-mutilation or attempts at suicide
- Alluding to secrets which they cannot reveal
- Tendency to cling or need constant reassurance
- Regression to younger behaviour for example thumb sucking, playing with discarded toys, acting like a baby
- Distrust of familiar adults e.g. anxiety of being left with relatives, a child minder or lodger
- Unexplained gifts or money
- Depression and withdrawal
- Fear of undressing for PE
- Sexually transmitted disease
- Fire setting

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Signs that MAY INDICATE physical abuse

- Bruises and abrasions around the face
- Damage or injury around the mouth
- Bi-lateral injuries such as two bruised eyes
- Bruising to soft area of the face such as the cheeks
- Fingertip bruising to the front or back of torso
- Bite marks
- Burns or scalds (unusual patterns and spread of injuries)
- Deep contact burns such as cigarette burns
- Injuries suggesting beatings (strap marks, welts)
- Covering arms and legs even when hot
- Aggressive behaviour or severe temper outbursts.
- Injuries need to be accounted for. Inadequate, inconsistent or excessively plausible explanations or a delay in seeking treatment should signal concern.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Signs that MAY INDICATE emotional abuse

- Over reaction to mistakes
- Lack of self-confidence/esteem
- Sudden speech disorders
- Self-harming
- Eating Disorders
- Extremes of passivity and/or aggression
- Compulsive stealing
- Drug, alcohol, solvent abuse
- Fear of parents being contacted
- Unwillingness or inability to play
- Excessive need for approval, attention and affection

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Signs that MAY INDICATE neglect.

- Constant hunger
- Poor personal hygiene
- Constant tiredness
- Inadequate clothing
- Frequent lateness or non-attendance at school
- Untreated medical problems
- Poor relationship with peers
- Compulsive stealing and scavenging
- Rocking, hair twisting and thumb sucking
- Running away
- Loss of weight or being constantly underweight
- Low self esteem

Appendix 3: Specific Safeguarding Issues (See Annex A of Keeping Children Safe in Education 2018)

Contextual Safeguarding

The DSL and staff aim to consider the context within which incidents and/or behaviours occur. This means that *“assessments of children should consider whether wider environmental factors are present in a child’s life that are a threat to their safety and/or welfare”* (Part One of KCSIE 2018, paragraph 52). This concerns areas of extra-familial risk, when children form relationships within their neighbourhoods, schools and online that may lead to violence and abuse.

Peer on peer abuse

Abuse is abuse and should never be tolerated or passed off as “banter”. All staff are made aware that safeguarding issues may also arise through peer on peer abuse, where children can abuse other children. This can include “bullying (including cyberbullying); sexual violence and sexual harassment; physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm; sexting and initiating/hazing type violence and rituals” (KCSIE 2018 p84). They sign and understand the guidance within KCSIE 2018 and follow the steps outlined in point 18 of this Policy. Specific guidance on managing Child on Child Sexual Violence and Sexual Harassment is contained within KCSIE 2018 Part 5.

Children Missing Education

Bronte School recognises that all children, regardless of their circumstances, are entitled to a full time education which is suitable to their age, ability, aptitude and any special educational needs they may have. Bronte School is aware that a child going missing from education is a potential indicator of abuse or neglect.

Bronte School has a procedure in place for responding to unauthorised absence and for dealing with children that go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of their going missing in future. For further information, please access the school’s Attendance and Absence Guidelines and Procedures (including EYFS) and Missing Child Procedures.

Child Sexual Exploitation (CSE)

Bronte School identifies that CSE occurs “where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator.” (KCSIE 2018)

Bronte School is aware that sexual exploitation can take many forms ranging from the seemingly ‘consensual’ relationship where sex is exchanged for affection or gifts, to serious organised crime by gangs and groups. What marks out exploitation is an imbalance of power in the relationship. The perpetrator always holds some kind of power over the victim, which increases as the exploitative relationship develops. Sexual exploitation may involve varying degrees of coercion, intimidation or enticement, including unwanted pressure from peers to have sex, sexting, sexual bullying including

cyberbullying and grooming. However, it is also important to recognise that some young people who are being sexually exploited do not exhibit any external signs of this abuse or recognise this as abusive.

Every member of staff at Bronte School recognises that children at risk of CSE need to be identified and issues relating to CSE should be approached in the same way as protecting children from other risks.

‘Honour based’ violence

Members of staff at Bronte School are aware that ‘Honour-based’ violence (HBV) encompasses a range of crimes which have been committed to protect or defend the honour of the family and/or the community, including Female Genital Mutilation (FGM), forced marriage, and practices such as breast ironing.

The indicators of HBV and associated factors will be covered with staff within the school safeguarding training. All members of staff are alert to the possibility of a child being at risk of HBV, or already having suffered HBV. All members of staff are aware that all forms of HBV are abuse (regardless of the motivation) and will be handled and escalated as such. Staff will speak with DSL if they are concerned about HBV.

All members of staff will follow the school and KSCB procedures, using existing national and local protocols for multi-agency liaison with police and children’s social care.

Forced Marriage

The Forced Marriage Unit has published [Multi-agency guidelines](#), with pages 32-36 focusing on the role of schools and colleges. Staff should report concerns regarding forced marriage to the DSL or can contact the Forced Marriage Unit if they need advice or information. Contact: 020 7008 0151 or email: fmf@fco.gov.uk

Female Genital Mutilation (FGM) mandatory reporting duty

“Teachers must personally report to the police cases where they discover that an act of FGM appears to have been carried out” (KCSIE 2018 p82), either through disclosure by the victim or visual evidence. Unless the teacher has a good reason not to, they should also still consider and discuss any such case with the DSL and involve children’s social care as appropriate. The duty does not apply in relation to at risk or suspected cases (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence) or in cases where the woman is 18 or over. In these cases, teachers should follow local safeguarding procedures. Details of the mandatory reporting duty for FGM is available from the DSL via KCSIE 2018 p81-82).

Radicalisation

Bronte School recognises that exposure of children (and adults) to extremist ideology can hinder their social development and educational attainment alongside posing a very real risk that they could support or partake in an act of violence. Radicalisation of young people can be compared to grooming for sexual exploitation.

All staff who come into contact with children will complete online 'Prevent' training, which includes guidance on how to identify people who may be vulnerable to being drawn into terrorism, and how to refer them into the Channel process. The DSL will attend additional training, which includes further information on the Prevent Duty.

Every member of staff at Bronte School recognises that children exposed to radicalisation and extremism is no different to safeguarding against any other vulnerability and should be approached in the same way as protecting children from other risks. All members of the community at Bronte School will report concerns regarding radicalisation and extremism to the DSL who will follow local and national guidance.

Appendix 4: Keeping yourself safe when responding to disclosures (the 6 R's – what to do if...)

1. Receive

- Keep calm
- Listen to what is being said without displaying shock or disbelief
- Take what is being said to you seriously
- Note down what has been said

2. Respond

- Reassure the pupil that they have done the right thing in talking to you
- Be honest and do not make promises you cannot keep e.g. "It will be alright now"
- **Do not promise confidentiality;** you have a duty to refer
- Reassure and alleviate guilt, if the pupil refers to it e.g. "you're not to blame"
- Reassure the child that information will only be shared with those who need to know

3. React

- React to the pupil only as far as is necessary for you to establish whether or not you need to refer the matter, but do not interrogate for full details
- **Do not** ask leading questions; "Did he/she....?" Such questions can invalidate evidence.
- **Do** ask open "TED" questions; Tell, explain, describe
- Do not criticise the perpetrator; the pupil may have affection for him/her
- Do not ask the pupil to repeat it all for another member of staff
- Explain what you have to do next and who you have to talk to

4. Record

- Make some brief notes at the time on any paper which comes to hand and write them up as soon as possible
- Do not destroy your original notes
- Record the date, time, place, any non-verbal behaviour and the words used by the child. Always ensure that as far as possible you have recorded the actual words used by the child.
- Record statements and observable things rather than your interpretations or assumptions

5. Remember

- Contact the designated safeguarding lead (DSL)
- The DSL may be required to make appropriate records available to other agencies
- KSCB: www.kscb.org.uk

6. Relax

- Get some support for yourself, dealing with disclosures can be traumatic for professionals
